

Dashing Through the Snow...

From our "family" to yours, the staff and board members at PARDS Therapeutic Centre wish you a happy and healthy holiday season filled with joy, wonder and good will.

Here's to another wonderful year together in 2020!

Strength, confidence, coordination. These are just a few of the gifts you can offer to the children and adults who participate in PARDS therapeutic programs.

There is still time to make a difference in the lives of so many with a donation this giving season.

Your contribution supports children and adults of all abilities to be their personal best, whatever that may look

like for them.
Please, give generously and show that you support inclusion and accommodation in your community.
